Good evening,

I have recently had a meeting with the Police and Crime Commissioner regarding issues across the area regarding driving habits anti-social behaviour and drug related offences, we have agreed some key actions that can be taken and she will be speaking with the Chief Constable and the local Policing team to action these.

With regards the last Police Liaison Group meeting it was disappointing that the guest speaker could not attend due to operational matters but that did give us the chance to talk at length about operational procedures that many felt do not deliver the service we expect from the force, the beat manager explained that with the new officers imminent the role of the PCSO will revert to dedicated areas of operation and after consulting with the team they have expressed that they wish to resume working to the model they previously used so some sort of normality should be returned soon this means there will be higher presence and visibility in our area with PCSO Tonkin hopefully taking up where he left off, also the new TRI-SERVICE-OFFICER Ollie Vigeo is in post and operational at Penzance which means Andy Martyn will no longer have to cover that area so should be spending more time in the St Just area.

It has been a busy year for all Councils on my patch and many have taken full advantage of the funding opportunities made available along with many local organisations.

I would like to take this opportunity to thank the Clerks and the staff along with the Councillors I have had the privilege of working with over the last twelve months and look forward to working with them in the coming year to achieve all we can for the residents we represent and hopefully building on all we have achieved this past year.
